Violent Deaths For Four

North County recorded four fatalities this past weekend, including two fire deaths early Monday in Pacifica, a motorcycle rider death Sunday in South San Francisco and a San Bruno victim, whose body was found Sunday in Golden Gate Park.

Dead in the Pacifica fire are Richard Fletcher, 36, a boarder at 738 Serena Drive, where the fire occurred, and Mrs. Barbara Anne LaFrance, 39, of 4 Alcala Court, who died in the same incident.

Fire officials said they responded to a call at 2:32 a.m. today after the owner of the 3-bedroom ranch style home, Mrs. Joan Kelly, 50, reportedly awakened and tried to arouse Fletcher, then called a friend, who reportedly called the fire department.

According to fire officials, both victims were found in one of the bedrooms, where the only fire damage occurred — to a mattress, bedding and headboard — officials said.

Officials said there had been evidence of drinking and smoking. According to authorities, Police officer Jim Carver had responded earlier in the evening to the residence on disturbance calls.

At 2:50 a.m., Carver received a call to return to the home to investigate a mattress fire. When he looked in a window he could see Fletcher lying on the bed in the smoke filled room. He attempted to carry Fletcher from the room, but was driven off by the heavy smoke.

Firemen later found Mrs. LaFrance's body on the floor. The fire was confined to the room, and damaged to the house was reported slight.

According to Chief Coroner's Investigator Robert Cole, Fletcher is separated from his wife, while Mrs. LaFrance was divorced. She is survived by a son, Greg.

According to Cole, Carver first had been called to the home at 11:30 p.m. by Mrs. Kelly, who objected to Mrs. LaFrance being in Fletcher's room, and wanted the couple ejected. Carver explained he could take no police action because it was a civil affair. The pair had been drinking, Cole said, and one may have later dropped a lighted cigarette, he said.

In the South San Francisco incident, Leon George Kadik Jr., 27, of 938 Sixth St., San Bruno was pronounced dead on arrival at Peninsula Hospital, Burlingame, at 9:15 p.m. Sunday.

Police said Kadik was riding a motorcycle southbound on South Airport Boulevard on his way to work.

The second blow fell in early 1972 when, for one reason or another, dates for completion of nuclear power generating plants at Rancho Seco and other sites was delayed.

When the company learned of just how drastic El Paso's curtailment was it moved to take the matter to the courts, charging contract violation.

Seaman cited PG&E's determination to pursue new avenues to meet the crisis, explaining that the problem is not only a general fuel shortage, but a shortage of those fuels that meet today's stringent anti-pollution standards.

What will the nuclear plant delays, the dry season, the Canada cutback and the El Paso curtailments mean in the cost of extra fuel oil?

The delay in getting the additional 200 million cubic feet (of gas) per day from Canada results in the loss of the equivalent of about 12 million barrels of oil.

The loss of the El Paso gas through curtailment of 336 million cubic feet per day represents a loss of 12 million barrels of oil.

Authorities were unable to contact owner Ivan Herrera, of Pacifica, following the incident. Fire prevention inspector Vernon Brooke is investigating the incident along with police.

There were no eyewitnesses to the incident, investigators said. The bomb was made from a half-gallon wine jug apparently filled with gasoline, according to

Legal Fight May Grow From Westmoor Pool Bid

Both the Daly City City Council and Jefferson Union High School Board of Trustees Monday accepted a low bid for construction of a swimming pool at Westmoor High School from the Gil-Winn Construction company of Pacheco, Calif.

But the bidder isn't expected to sign a contract with either agency to build the pool — at least not at the bid price.

Because of an alleged series of material pricing misquotations from subcontractors, amounting to some \$47,000, the prime contractor wants out of his bid.

By officially accepting Gil-Winn's bid during a regular joint meeting at city hall Monday, the city and school district indicated they will insist the pool be built at the price quoted.

It was the latest incident in a series going back almost ten years concerning building a pool at the high school for use by the city and school district.

On two prior occasions bids had been thrown out by both parties when they exceeded the budget of \$700,000 set for the project.

Engineer William Chapman

redesigned the pool and put it back out to bid.

Gil-Winn, a joint venture group, bid \$555,047 for the job. A spokesman for the group later said a subcontractor had made an error and an additional \$47,000 would be needed.

Engineering estimates had been set at \$696,000 in an effort to bring them in under the \$700,000 budget set by the council and board.

School superintendent Edward D. Morgan, anticipating acceptance of the Gil-Winn bid, had prepared a letter informing the

company they had five days to appear at his offices to sign all necessary documents for construction of the pool.

However, company representatives attending the session said outside the chamber following the brief meeting they had to "further study" the matter before making any comments.

It was possible, an attorney for the group explained, that the pool controversy may end up in the courts.

If the Gil-Winn Company does not sign the contract within the five-day grace period, the issue will be taken to court where the city and school district have said they will seek to collect monies under a performance bond amounting to some \$52,000 posted by the company.

It is also possible that the company may also be held liable for other damages.

The next low bid received by the district was more than \$109,000 above Gil-Winn's bid.

Except for Trustee Ruth Boudinot, officials agreed to accept the bid. Mrs. Boudinot was not available for comment after the meeting.

SSF Strike May Be Called Off

A strike by 175 South San Francisco city employees apparently has been averted with a vote last night to accept terms of a new contract proposal.

Some 90 members of the American Federation of State, County and Municipal Employees local in South San Francisco voted in closed-door session to approve a new two-year contract which would provide for a five per cent increase in pay this year, effective July 1, and a five per cent or cost of living hike, whichever is higher, after July 1, 1974.

Union negotiator Frank Gillis reported that last night's vote was very close and said he still was dissatisfied with a second approved proposal covering the city's 28 swimming pool employees.

The latter have no fringe benefits as do the other city employees, such as vacation, holiday, retirement, vacation, sick leave and dental plan. The new pool employee contract also would not provide a salary raise over the next two years.

The contract for the other employees includes other fringe benefit improvements. Both pacts now must go to the City Council for its approval. Figures of \$30,000 to \$40,000 have been mentioned as added cost to the city for the new package, which covers all city employees except police and firemen.

'Energy Crisis' Is Real, PG&E Exec Says in D.C.

By FRANK LAPIERRE

Is the "energy crisis" a fabricated story designed by some utility companies to scare citizens into paying higher prices for fuel and light while soliciting support to build more dams and nuclear power plants?

Or is it real?

Will the day finally come when the lights dim and go out entirely, when machinery stops because of a lack of power supply, and when cars clot the nation's highways because there simply is no more fuel available?

The Daly City Rotary Club was told by Pacific Gas and Electric Company official K. V. "Vance" Seaman last week that the latter is true and there is no longer any doubt that positive measures must be taken to cut back on energy consumption.

Seaman said the crisis is not manufactured — that as consumption demands increase, the chances of brownouts and blackouts mount.

Even under concentrated questioning by businessmen vitally concerned with this matter, Seaman maintained data available indicates the likelihood of an energy shortage in the not too distant future.

"We believe the state of California is confronted now with a very serious shortage of fuel for the generation of electric energy," Seaman said.

He said the solution to this problem is cooperation between government agencies, fuel suppliers and consumers.

Throughout his speech Seaman indicated nuclear power may be the answer to long-range planning in this area.

But Seaman's main thrust was in telling businessmen how to cut back and conserve on energy.

VANCE SEAMAN

Because PG&E was able to meet peak consumer demands this year is no indication the company will be able to hold up under future increased demands, the official said.

If utilities are unable to obtain adequate fuel supplies to operate electric generating plants, then the door is open for energy shortages such as those experienced in recent years on the eastern seaboard, Seaman said.

"The fuel oil shortage, which is the root of the problem, is worldwide in scope," Seaman said.

This fuel shortage can be blamed on many factors — balance of payments, nationalism, limited refinery capacity, oil tanker availability and even "a desire to protect one's own resources."

Seaman cited PG&E's extensive facilities throughout the state, which include 65 hydro-electric and 12 thermal electric generating plants.

"These facilities, together with those under construction and our firm electric purchases from others, provide the company with adequate capacity to reliably meet our electric load if we can obtain the fuel to operate our fossil fueled plants," Seaman said.

Hydro-electric plants depend on rain and snowfall for their operation. If a year is dry the output of these plants is reduced. When this occurs the company must turn to the thermal plants for greater output.

In fact, a shortage of water places bigger demands on fuel oil consumption to keep these plants running.

As an example, if 1974 is a dry year the company's thermal

plants will require about 12 million barrels of oil more than it is an average year, according to Seaman.

The company had mapped out long-range plans for the years 1973 through 1976, but unanticipated events frustrated planners, Seaman said.

"As late as October 1971 we had every reason to believe our plans were more than adequate to meet customers' needs and we would require a minimum of fuel oil."

"Our gas supply from Canada was being increased 200 million cubic feet per day, pending the Energy Board of Canada's approval, and we had a firm contract with El Paso Natural Gas to deliver 1.14 billion cubic feet of gas per day to the California-Arizona border," Seaman explained.

Although El Paso Natural Gas indicated there was a growing threat of a gas shortage and had filed a gas curtailment plan with the Federal Power Commission, PG&E felt this curtailment would not be substantial.

And the company felt that by April 1974 nuclear power plants would be generating at three sites.

The first blow fell in November 1971 when the Energy Board of Canada denied all pending export permits, pointing out Canada needed the fuel for its own immediate and future use.

The second blow fell in early 1972 when, for one reason or another, dates for completion of nuclear power generating plants at Rancho Seco and other sites was delayed.

When the company learned of just how drastic El Paso's curtailment was it moved to take the matter to the courts, charging contract violation.

Seaman cited PG&E's determination to pursue new avenues to meet the crisis, explaining that the problem is not only a general fuel shortage, but a shortage of those fuels that meet today's stringent anti-pollution standards.

What will the nuclear plant delays, the dry season, the Canada cutback and the El Paso curtailments mean in the cost of extra fuel oil?

The delay in getting the additional 200 million cubic feet (of gas) per day from Canada results in the loss of the equivalent of about 12 million barrels of oil.

The loss of the El Paso gas through curtailment of 336 million cubic feet per day represents a loss of 12 million barrels of oil.

Authorities were unable to contact owner Ivan Herrera, of Pacifica, following the incident. Fire prevention inspector Vernon Brooke is investigating the incident along with police.

There were no eyewitnesses to the incident, investigators said. The bomb was made from a half-gallon wine jug apparently filled with gasoline, according to

CONTESTANTS in the annual Columbus Day queen contest in San Francisco are these two Daly City pretties, Carole Borelli, left, and Debbie Thompson, right. Daly City Police Make Cocaine Arrest

A Daly City man was arrested in the parking lot of Lyon's Restaurant on Alemany Blvd. Friday morning on suspicion of possession of cocaine for sale after three ounces of the drug allegedly were found on him.

Street value of the drug was had been watched by members of the San Mateo County Narcotics Task Force "for some time."

Details of the 8 a.m. arrest were vague and police would say only that the man, Nicholas Cafranovich, of Callan Blvd.,

was listed as Daly City Detective John Kirby.

The latter have no fringe benefits as do the other city employees, such as vacation, holiday, retirement, vacation, sick leave and dental plan. The new pool employee contract also would not provide a salary raise over the next two years.

The contract for the other employees includes other fringe benefit improvements. Both pacts now must go to the City Council for its approval. Figures of \$30,000 to \$40,000 have been mentioned as added cost to the city for the new package, which covers all city employees except police and firemen.

Fires Burn 10 Acres on San Bruno Mount

A fast-moving greasewood and brush fire swept 10 acres of San Bruno Mountain Sunday. Fire broke out twice on the steep slopes. Firemen from officials said it was believed Daly City and the State Division

of Forestry fought for 45 minutes to bring the first blaze under control as 25-mile an hour winds kept it moving.

The first fire — worst of the two — broke out at 4:45 p.m. sending billowing black pillars of smoke into the air. It occurred on an abandoned extension of Crocker Ave., and attracted scores of spectators.

The second occurred at 8:50 p.m. and was brought under control quickly.

Capt. Fred Nelson of the State Forestry Division reported that just as firemen started to eat dinner they were interrupted three times, twice to go to San Bruno Mountain and once to King's Mountain near Skyline Blvd. to investigate smoke in the area. The latter turned out to be coming from a faulty incinerator.

Nelson said that only one truck was sent to the two San Bruno Mountain fires, as most of the equipment at the state's Belmont station had been diverted to Felton, to stand by for equipment which had been dispatched to fight an out of control brush fire near Big Sur.

Daly City firemen had a difficult time in extinguishing the first San Bruno Mountain fire. Gusts of wind kept the fire breaking out again behind them.

The state firemen had just sat down to resume their dinner after returning from San Bruno Mountain at 7:15 p.m. when they received the call to go to Kings Mountain.

At 6:50 p.m., the firemen had just about completed their dinner when they received a call to go back to San Bruno Mountain, where a grass fire had broken out on the eastern side of the mountain near the Bayshore freeway. Brisbane firemen had this fire under control by the time a state truck arrived, however.

There were no reported injuries or damage to structures in the 4:30 p.m. fire.

Asked how many fires San Bruno Mountain has thus far experienced this season, Daly City battalion chief John Roy said:

sents another 20 million barrels of oil. The delay in Diablo 1 (nuclear plant) and another 12 million and Diablo 2 (nuclear plant) another six million barrels, while the Rancho Seco delay will cost seven million barrels.

"This represents a total of 57 million barrels," Seaman said. Meanwhile, the company is exploring new fields for gas and oil and also attempting to find the ways and means of manufacturing substitute natural gas from oil, oil shale, methanol, naphtha and coal.

What can the folks at home do to help meet the crisis?

Turn off those lights, turn down the heater and turn up the air-conditioner are a few ways, the experts say.

Violent Deaths

(Continued From Page 1)

way home from work when he struck the left rear of a slow-moving tractor-trailer truck in an apparent attempt to pass that vehicle. He suffered head injuries, officials said.

According to police, the driver of the truck, Buddy Carroll White, had just pulled his vehicle out onto South Airport Boulevard.

Coroner's investigators said it did not appear that Kaddik was wearing a safety helmet when he crashed into the rear of the truck.

Surviving are his wife, Lena, and a small child.

In San Francisco's Golden Gate Park Sunday the body of San Bruno Richard R. Ahl, 18, of 559 San Bruno Avenue, was found with a .38 caliber bullet hole in the head.

Police said the youth was apparently killed shortly after midnight. He reportedly had dropped off a friend in San Bruno and was on his way home, police said.

San Francisco officers say they "have no idea" how the body turned up along the ocean beach at the foot of the park where it was found by a strolling couple.

Patterson Sentenced In Slaying

Willie Roscoe Patterson, who pleaded guilty to manslaughter after a jury deadlocked on a murder conviction, was sentenced Thursday to one year in County Jail, with credit for five months already served.

Patterson, described by his attorney, Zerne Hannig, as an honor student at Golden Gate College in San Francisco, shot and killed William Moses, 37, of Daly City, last March 27 at his estranged wife's home in Pacifica.

Patterson, 29, testified during his Redwood City trial last week that he thought Moses was a burglar, and that the shooting was in self-defense.

Prosecutor John Guheen, though, argued that Patterson chased Moses around the house, shooting him four times.

The jury deadlocked at 10-2 for conviction.

Sentencing Superior Court Judge Gerald E. Ragan noted Patterson's "excellent background," adding, "People have said some very nice things about you." Patterson had no previous criminal record.

Judge Ragan recommended that Patterson be placed on work furlough to allow him to attend college during the day and serve his jail term at night.

Judge Ragan also placed Patterson on five years' probation. During that time, if he violates the conditions, he can be sentenced to state prison.

Patterson found Moses at the home. Authorities said Mrs. Patterson was dressed in a nightgown, washing dishes.

**THIRD AND ELLSWORTH
DOWNTOWN SAN MATEO**

JESD Names Business Mgr.

The Jefferson Elementary School District has appointed Don Brooks, former treasurer-business manager for Simpson College in San Francisco, as temporary business manager of the school district.

Brooks, married and the father of two children, lives in Daly City. His appointment by the board last week is on a 90-day trial basis at an annual salary of \$22,000, plus \$2,000 for expenses.

He is expected to take over those duties previously performed by the ousted associate superintendent for business, Roger Barthuli. Barthuli's annual salary was about \$26,300.

Brooks spent 12 years as business manager for Mt. San Antonio College in Walnut, Calif. Subsequently he was with the College of Redwoods as coordinator of business services.

In other action, the board assigned Barbara Hamp as principal at the Colma K-6 school.

A decision to relocate a portable classroom from the Administration Building site at 101 Lincoln to the Fernando Rivera School was tabled pending further studies.

Acting Supt. Keith Breon said initial studies indicate the cost of moving the structure, for use as a classroom at Fernando Rivera, would be \$2,000 plus an estimated \$1,500 for electrical wiring and another \$1,000 to \$1,500 for construction of a foundation.

Further costs would be incurred for drafting of engineering and architectural plans that must be submitted to the State Architectural Board for review.

"Educationally the move would have been sound, but costs are sky high," Breon said.

Whether the Fernando site will continue to be a seventh- and eighth-grade school is under consideration, Breon said.

He said suggestions were made by members of the board and staff that the school should be changed to a K-6.

This would result in fewer children attending the school.

At present five portable classrooms, long a bone of contention

between the board's two women trustees and the recently fired school superintendent, Frank Greenwood, are located at Fernando Rivera.

Adjoining homeowners had complained to both the district and city some months ago that the portable structures were built too close to the rear of their homes and that ventilating equipment was excessively noisy day and night.

S.S.F. Boy Held For Robbery

A 16-year-old South San Francisco boy was arrested on a charge of strong-arm robbery Thursday by South San Francisco police.

He was accused of having driven up to a 14-year-old Daly City girl as she was walking on the shoulder along Junipero Serra Boulevard. He was then alleged to have grabbed her purse and sped on.

Police picked him up after tracing his license plate number. He was taken to Hillcrest Juvenile Hall.

Boating Class to Start

Skippers who have learned to operate their boats through trial and error without benefit of instruction would do well to consider taking the Sequoia Power Squadron's basic course in piloting and small boat handling, according to Commander Jim McAllister.

Classes will begin Monday, Sept. 17 at Aragon High School in San Mateo and Cubberley High School in Palo Alto and on

Sept. 11 at Marina Junior High School in San Francisco.

Further information may be obtained by calling Eric Sitzenstatter at 854-2962 about the San Mateo and Palo Alto sessions and Tony Viantis, 921-4630 about the San Francisco class.

There will be 12 evening lecture sessions of approximately two hours each, followed by an examination. Students who pass the exam will be issued a certifi-

cate of seamanship.

"There is much more involved in safe boating than just knowing how to crank her up and get to the nearest fishing spot," he said. "Government regulations and rules of the road, among many other things, must be observed competently and knowledgeably."

"Then, there are the basics in piloting and chart reading, proper use of the compass as a navigation instrument, safe

loading and handling of small craft, the meaning of the many aids to navigation, fundamentals of seamanship — and so on down a long list of things the competent skipper must know if he is to operate his craft safely and with due regard to the rights and safety of others.

"Even though some skippers may believe they are knowledgeable, nonetheless many of them would benefit greatly by taking the squadron's piloting course. We invite them to register," he said.

The course is free and open to both men and women. Ownership of a boat is not required.

Wednesday, August 29, 1973 THE POST -7

Aged Aid Bill Passes Test

Legislation allowing further property tax assistance to senior citizens was passed last week in the Senate Committee on Revenue and Taxation.

Assemblyman Louis J. Papan of Daly City is the measure's author.

Under present law, persons are ineligible for Senior Citizens Property Tax Assistance if they are receiving Old Age Security

benefits or other public relief. Papan's AB 235 would eliminate this prohibition and allow senior citizens to apply for property tax assistance.

"Many seniors cannot get by on their income from public relief programs. Our older Americans have already worked many years and deserve some relief from taxation so they can have a comfortable retirement," Papan said.

'Survival Course' for Consumers

A 12-session "survival course" for consumers will be offered for the first time at Canada College beginning Sept. 31.

Nationally known consumer activist and writer Jennifer Cross, author of "The Supermarket Trap," will lead Thursday classes, 7 to 10 p.m., in Building 13, Room 116, at the college, 4200 Farmhill Blvd., Redwood City.

Lectures by Ms. Cross will cover these topics and others: the supermarket trap and how to spring it; the profitable practice of fraud; advertising, marketing and other seductions; and techniques of consumer self-defense.

Films, guest speakers and opportunities for problem solving and class discussion will also be included.

During the course, which of-

will be encouraged to do individual or group research and field work on consumer problems.

Ms. Cross, a British freelance writer, who now lives in Santa Rosa, has taught consumerism at various Bay Area colleges. In addition to her 1970 book about the food industry, she writes regularly on consumer affairs for "The Nation," "The Bay Guardian," and "Co-op News," and appears on Bay Area radio and TV programs.

MRS. MICHAEL DAW, chairman, left, and Mrs. Sheila Cavenor, special references librarian, make plans for The Friends of the Daly City Library exhibit of gardening books at the Daly City Garden Club's 19th annual Standard Flower Show at the Serramonte Center mall Sept. 15 and 16. Mrs. Bernice G. Yohn is chairman of the show, which will have as its theme "It's a Small World."

Nell Norton

Good morning, good cooks.

I recently acquired an attractive cookbook published by the San Mateo Junior Museum Auxiliary. This "Decorators Show House Menu Cookbook" is a collection of the favorite recipes of auxiliary members. As the title suggests, it contains complete menus and recipes for fine dining.

This first recipe particularly appealed to me, since I enjoy baking bread. Its name is quite appropriate, for it makes a loaf of bread that is a dilly.

DILLY BREAD

- 1 package yeast
- 1/4 cup water
- 1 cup small curd cottage cheese
- 2 Tablespoons sugar
- 1 Tablespoon instant minced onion
- 1 Tablespoon butter
- 2 teaspoons dill weed
- 1 teaspoon salt
- 1/4 teaspoon soda
- 1 egg
- 2 1/2 cups flour

Soften the one package yeast in the fourth cup warm water and combine with one cup lukewarm cottage cheese, two tablespoons sugar, one tablespoon each instant minced onion and butter, two teaspoons dill weed, one teaspoon salt, one-fourth teaspoon soda and an egg. Add the 2 1/2 cups flour gradually, beating well after each addition. Cover and let rise until doubled (one hour). Stir down dough and turn into greased two-quart casserole. Let rise 40 minutes. Bake in 350-degree oven for 40 minutes. Brush with butter and sprinkle with salt.

Since we're talking about baking, it seems a good idea to include a fine wine cake recipe from this cookbook.

WINE CAKE

- 1 package yellow cake mix
- 1 package vanilla instant pudding
- 4 eggs
- 1/4 cup oil
- 1/4 cup Marsala wine
- 1 teaspoon nutmeg
- 1/2 cup chopped walnuts

In large mixing bowl combine the cake mix, one package instant pudding, four eggs, three-fourths cup each oil and wine, one teaspoon nutmeg and one-half cup chopped walnuts. Mix for five minutes. Pour into a greased angel food cake pan. Bake at 350 degrees for 50 to 60 minutes. Delicious served with vanilla ice cream.

In keeping with my plan to offer a meatless recipe each week, I'll close with this easy to fix dish. My dear little mother-in-law gave me this recipe and said it had long been a favorite of hers. It has a most unusual name as you see.

SHRIMP WIGGLE

- 2 Tablespoons butter
- 2 Tablespoons flour
- 1 cup milk
- Salt and pepper to taste
- 1 can shrimp
- 2 cups green peas

In a small saucepan melt the two tablespoons butter, stir in the two tablespoons flour; mixing well. Gradually add the cup milk, stirring as you add, and cook over moderate heat, stirring constantly until it comes to a boil and thickens. Add salt and pepper to taste and allow to simmer. When ready to serve add the drained shrimp and two cups cooked peas. Serve over hot biscuits or points of toast.

Pacifica Girl on USF Dean's List

Pacifica resident Anna M. Jimenez has been named to the spring 1973 dean's list for the Colleges of Liberal Arts and Science at the University of San Francisco.

The 19-year-old biology major was among the top 10 per cent of USF undergraduates.

It was the second consecutive semester that Miss Jimenez has been cited for outstanding academic achievement. The Terra Nova High School graduate is the daughter of Gonzalo Jimenez, 1090 Barcelona Avenue.

Priest Pleads Not Guilty

Father Robert Thomas Hagen, a Catholic priest from Pacifica, pleaded not guilty to a four-count tax related indictment in Federal Court in Portland, Ore.

Father Hagen, 39, now residing at 380 Esplanade Blvd., has been charged with three counts of attempting to evade his individual income taxes and a fourth count of making a false statement under oath.

The tax evasion charges are from alleged and unreported income of \$4,594.24 in 1967, \$12,980.93 in 1968, and \$36,054.88 in 1969. He also was charged with falsely stating under oath that he had diverted an excess of \$80,000 from Catholic churches within the Archdiocese of Portland to a blackmailer whose identity he could not reveal because of the seal of the confessional. Additionally, he is reported to have claimed that during the same period of time he received substantial non-taxable gifts of currency which came from a donor whose identity he could not reveal because of the seal of the confessional and that personal expenditures made by him were not financed by funds diverted from the church.

This indictment charges that the funds diverted by Father Hagen were converted to his use, financed his personal expenditures and were not paid over to a blackmailer.

During these periods Father Hagen was successively assigned to St. Joseph Parish in Salem, St. John's The Apostle Parish in Oregon City and All Saints Parish in Portland.

If convicted Father Hagen can receive a maximum sentence of 20 years' imprisonment and/or a \$20,000 fine.

County Population Growth Rate Lags

The population of San Mateo County increased by only six-tenths of one per cent during the past year — about half of the growth rate for California — according to statistics announced last week by the State Finance Department.

The population of San Francisco continued to decline, dropping from 689,500 to 681,200. Figures for other Bay Area counties: Alameda County, up 1,300 to 1,098,400; Marin County, up 3,100 to 215,800; Contra Costa County, up 6,800 to 585,100; Napa County, up 1,900 to 86,200; Solano County, up 1,300 to

181,100; Sonoma County, up 9,700 to 231,900. The figures are based on studies of school enrollments, driver license changes, births, deaths and voter registration. Although migration went up, natural increase slowed somewhat, producing a 1.1 per cent total increase, the same rate as in the year before. Net migration, which had dropped to 55,000 in 1970-71 and to 44,000 in 1971-72, moved sharply upward to 79,000 last year. The report suggests no explanation for the increase. The natural increase slowed from 144,000 in 1971-72 to 132,000 last year.

GRASS SKIRTS were plentiful at the Performance Day at Junipero Serra Park in San Bruno last week, put on by Daly City Girl Scouts. Gathering in photo above for a beating of the drum session were, left to right, Christina Bagatelos, 8, Gianna Calabro, 9, Diane Donnelly, 8, Nancy Tarantino, 10, and Vicki Tschirgi, 10, all of Daly City. In photo at right, the Filipino tinkling dance featured Virginia Chappari stepping between the sticks before an admiring audience. (Post photos by George Brooke)

For Today's Woman

By **Carol Drake**
Food Consultant

Here's a potpourri of handy hints . . . some new, some old . . . but many can prove helpful to new homemakers:

Rinse egg, milk or flour dishes with cold water for an easier cleaning job.

Line bottoms of vegetable crispers with Truly Fine paper towels to absorb moisture and help keep the containers clean.

Be sure to let avocados ripen until they are soft to enjoy them at peak flavor.

Let a roast set for about 15 minutes after cooking for easier carving.

DISCOUNT with a DIFFERENCE

ROBERT RICKERT, president of the Westlake Catholic Men's Club, will preside over his first meeting Tuesday, Sept. 4, in Our Lady of Mercy parish hall at 8 p.m. Board members for the 1973-74 year assisting Rickert are Sebastian Passanisi, vice-president; Harry Lindner, treasurer; Dick Mudge, secretary; Frank Mc Cann, Edward McEntee, Joseph Potter, Michael Millane, directors; and Joseph Dovichi, publicity.

Blackout Hits DC Area

There was a bit of excitement in old Daly City Thursday when the transformers on a 12,000 volt Pacific Gas and Electric line exploded.

Not only were some 6,139 customers left without any power for as long as an hour—from 10:35 to 11:33 a.m., but the fallen high voltage lines caused streets to be blocked off and a series of grass fires on San Bruno Mountain, where one of the few remaining television stations was momentarily knocked out of the air.

The electrical explosion took place at the PG&E transmission power station at East Market Street and Orange Avenue in Daly City. Daly City police set up a command post in the area from which Daly City fire and county fire departments were directed. Daly City firemen drove as far as the end of Royce Way, then stood by while the county fire department arrived from more than 20 minutes away in Belmont. Meanwhile, they and police also stood by while PG&E crews turned off the power.

A spokesman for the State Division of Forestry said 13 men in two trucks were able to put out the fire in an hour and a half.

D.C. Man Arrested

A Daly City man was arrested in the parking lot of Lyon's Restaurant on Alemany Boulevard yesterday morning and charged with possession of cocaine for sale after three ounces of the drug were allegedly found on him.

Street value of the drug was set at more than \$5,000, police said.

Montalbano at Chevy School

I. Joseph Montalbano, representing Stewart Chevrolet, Inc. in Colma, was among a class of 55 men graduated recently from a special session of the 79th session of Chevrolet's Dealers' Sons School in Detroit. The school concentrates on studies covering the latest methods of operating a modern and successful dealership.

EMMONS McLUNG has been named executive vice president of the California Manufacturers Association. McLung, who operates CMA's Sacramento office, is a former city manager of South San Francisco.

ALL OTHER MAYFAIR MARKETS WILL BE CLOSED

Uncle Sam helps us prove that at Mayfair last week food cost less than at 9 other top chains.

Again last week, we compared food prices with the major supermarkets in this area. "Specials", "total discount", and most other kinds of prices were compared. In this survey of August 17-18, Mayfair's overall food prices were lower than nine other top supermarket chains. To try to be fair, the comparisons were again with Uncle Sam's list, the same full list of items that the U.S. Department of Labor, Bureau of

Labor Statistics, uses every month to measure food prices as part of the cost of living. These comparisons show you could have saved from \$.25 to \$.72 on the same \$50 worth of basic foods in this list. With the high cost of living these days, really, can you afford not to buy your food at Mayfair?

RETAIL FOOD PRICE COMPARISONS
 BASED ON U.S. DEPT. OF LABOR, BUREAU OF LABOR STATISTICS ITEM LIST, IN MAYFAIR DISCOUNT AND IN OTHER STORES, EFFECTIVE AUGUST 17-18

D.C. Police Car Hit

A Daly City police officer chasing a stolen car suspect into San Francisco Wednesday came back to the station without the suspect and with a slightly dented car.

Police said Sgt. Ralph Warren, shortly after being alerted that a car had been stolen out of San Francisco, spotted the vehicle across the border in Daly City and gave chase.

According to a police report, Warren kept with the allegedly stolen vehicle until it came to a crashing halt and backed into a police vehicle, smashing it slightly.

Police said the chase then proceeded on foot, with Sgt. Warren firing two shots, but apparently missing his target, as the suspect, according to police, got away.

DC Dumps Pacifica 9

The only word that can be used to describe the first annual Pacifica-Daly City junior teen softball game is exciting.

The champions of the two cities met at Fairmont West in Pacifica and put on a good show before the Telstars from Daly City finally prevailed 12-10.

The Telstars, sponsored by the Daly City Recreation Department, ignored a big Pacifica lead and came back behind the leadership of shortstop Jack Dorn. Going into the sixth inning the Telstars trailed 8-1 but with two outs Reggie Bowie hit a towering homerun which inspired his teammates to try a little harder.

By the time the dust settled the Telstars had scored six runs and trailed only 8-7.

In the top of the seventh the Telstars took up where they left off and scored five more times.

Pacifica came back with two runs in the bottom of the inning.

Outstanding players were numerous on both teams but the fielding and hitting of Sue Basconcillo, Valerie DeAlba, Jack Dorn, Reggie Bowie, Dave Guenther, Marcel Crossland and Mark Navarro and the base running of Audrey Fox, Tommy Harvey and Melonie led the Telstars.

SUMMER CAMP

FT. KNOX, Ky. — Cadet William C. Black, son of Mrs. Elizabeth C. Black, 808 Bayswater Ave., Burlingame, attended the Army reserve officers' training corps basic summer camp, Ft. Knox, Ky., from June 22-August 2.

SUMMER officially ended for the Daly City Recreation Division summer program last Thursday at Westlake Park, with hundreds of youngsters turning for the play and contests. One of the highlights for the boys was the broom hockey matches above, on the tennis courts. Another, below, was the parade of school flags. Panorama School won the award for most original flag and Westmoor was voted the most colorful by the judges. (Post photos by George Brooke)

Service News

S.C. MARINE

OKINAWA — Marine Sgt. Thomas N. Payton, husband of Mrs. Gail R. Payton of 1714 Four Estates Court, San Carlos, has reported for duty at the Marine Corps Base here. He joined the Marine Corps in April, 1967.

R. C. GRADUATE

TWENTYNINE PALMS, Calif. — Marine Pfc. Mark A. Paul of 231 B St., Redwood City, was promoted to his present rank while serving at the First Field Artillery Group here. A 1972 graduate of Redwood High School, he joined the Marine Corps in March, 1973.

Track, Field Meet in DC

The Daly City track and field clinic wrapped up the end of the summer with a track meet against its two teams, the Serramonte Road Runners and the Westmoor Cool Cats. Over 50 contestants of ages six to 16 were allowed to enter three running events and two field events.

In the boys' division, the most popular events were the softball throw, basketball throw and 50-yard dash. David Steinberg threw 140 feet to place first in the softball throw. He also came in first in the basketball throw with a throw of 69 feet. In the 50 yard dash, Dietz Balagot ran in the time of 7.5 seconds to win his race.

The girls' division was divided into two groups, A and B, according to age groups. In the girls' long jump, Ned Jerry jumped 13 feet 3 inches; Denise Stopnick and Cassandra Underwood tied for first with the time of 7.5 in the 50-yard dash.

First place in the girls' A Division 440 relay team went to Connie Cunneen, Ned Jerry, Stella Edwinston and Liz Sherrill with a time of 60.8 seconds. In the B Division, Diane Getchel, Lisa O'Ballie, Ashleen Downey and Marianne Boerio placed first with their time of 69.6 seconds.

A highlight of the day was the mile race when the whole Cunneen family ran — even dad. The family competes in various long distance races including the recent 26-mile marathon. Connie, Kelly, Pat and Garrett and dad Cunneen all ran a good race.

DC Transit Garage Gets Green Light

The Bay Area Rapid Transit District Board of Directors has given the go ahead to the state to proceed with preliminary engineering for a \$3.5 million multi-storied parking lot at the Daly City BART station on Knowles Ave.

Daly City is providing the local share of funding for the project, with the remainder of the monies coming from the federal government under provisions of the Federal-Aid Highway Act of 1970.

The fringe parking lot qualifies for federal aid because the station is located adjacent to a freeway and is designed for mass transit.

D.C. Signs

San Mateo County will find exit maneuvers easier in and near Daly City as a result of a project on which the California Department of Transportation has called for bids.

To allow more lane-manuevering time, directional signs to exit ramps and to the Interstate 280-Route 1 interchange will be moved to overhead positions, providing greater visibility for motorists.

FAR WEST PROSPECTORS EQUIPMENT SUPPLY CO. P.O. Box 822 Los Altos, Ca. 94022

BART General Manager B. R. Stokes said his offices will enter into professional services contracts with Conrad Associates.

The parking structure will be

completed in three phases with the preliminary plans completed in about two months.

Upon receipt of necessary approvals for various federal and state agencies the consult-

ant will proceed with preparing contract documents, Stokes said.

Completion of the garage, designed to hold some 850 cars, is expected to be August, 1975.

Daly City and BART have entered into a joint venture agreement on the structure. The city's share of funds came from gas tax revenues.

Skyline College Registration Now Open

Skyline College's day and evening classes will begin officially Tuesday, Sept. 11.

Between now and the opening date the college's administration and counseling offices will be open to assist new and returning students in planning their fall 1973 programs.

The first day of official registration and counseling August 20 saw more than 400 persons enrolled, the largest number ever signed up at Skyline in one day. Student enrollment determines the kind and number of

class sections. James C. Wyatt, Dean of Students, said.

The college's evening classes also are open for registration in person, according to David P. Marin, dean of the evening college.

Late registration will be from Sept. 11 through Sept. 17. However, only classes that are open will be available to the late registrants. Evening college students should enroll now to insure that they will be in their particular class, Marin noted. The evening college catalog

has two changes. They are Hebrew 100b (Advanced-Elementary Conversational Hebrew) should read Hebrew 100a (Introduction Elementary Conversational Hebrew). It is Tuesday evenings beginning Sept. 11 in Bldg. 7, room 417 and is taught by Mrs. Helen Ducoff.

Also English 1a (reading-composition) Section 2 will meet Wednesdays beginning Sept. 12 in Bldg. 8, room 470, not on Tuesday, Sept. 11.

Everybody Helps at Mary's Help

Giving seems to be a family trait in the Mayer-Coyle clan. Three generations of women in this family donate their time to patients at Mary's Help Hospital through the Volunteer-Volunteer program.

Pat Mayer, her mother Ione Coyle, and daughter Debbie Mayer, spend several hours each week at the Daly City hospital tending to the needs of patients hospitalized there.

Mrs. Coyle, senior member of the trio, has been a volunteer in the gift shop at Mary's Help for the past seven years. She joined

the Volunteers immediately after retiring from 22 years service with the State Department of Public Health.

Mary's Help Hospital isn't the only place where Mrs. Coyle donates her time. She also works for the Traveler's Aid Society at the San Francisco Airport where she lends a helping hand to handicapped travelers and children traveling alone.

Mrs. Coyle's daughter, Pat Mayer of Daly City, also has been a hospital volunteer for seven years. Mrs. Mayer spends her time at the hospital touring

the nursing floors with a library cart for patients. The cart contains a wide selection of reading materials from which patients may choose.

In comparison with her mother and grandmother, Debbie Mayer, 18, is a neophyte to volunteering. She has been a Volunteer at Mary's Help for two years, but in those two years has donated more than 100 hours of service. A June graduate of Westmoor High School, Debbie will attend the University of California at Berkeley this

fall where she plans to major in home economics. Because Debbie is moving to Berkeley for the school year, she soon will relinquish her membership in the Volunteers.

These women are just three of over 200 volunteers and 75 volunteers who devote over 700 hours each week to patients at Mary's Help Hospital.

More information on the volunteer programs at Mary's Help may be had by contacting Mary McCoy, director of volunteer services, 992-4000, ext. 160.

Improvement

Improvement of a Cabrillo Highway (Route 1) frontage road in San Mateo County is scheduled, according to bids being called by the Division of Highways of the California Department of Transportation.

The frontage road — about a mile in length — extends from Vermont Avenue to West 14th Street at Moss Beach. It formerly served as the state highway, prior to construction of the present Route 1 on new alignment, and is now to be relinquished to the county.

Bids will be opened Sept. 19 in Sacramento. Approximately \$25,000 is available for the project.

DEATHS

WILLIAM A. WEBSTER

William A. Webster, well-known in San Bruno's civic life for many years, died at Peninsula Hospital Monday at the age of 67.

He lived at 480 Hazel Ave. Webster was a retired machinist, an honorary life member of the React Club, and a member of the International Association of Machinists, Local 68. He was an active member of a one-time leading San Bruno club, the Hard Hats.

Survivors include his widow, Margaret; a son, George of Modesto; two daughters, Diana Benveniste of Daly City, and Marianne Darren of Pacifica; two sisters, Dorothy Baker of Oregon and Violet Hanna of Fremont, and 12 grandchildren.

Funeral services will be held Friday, 11 a.m., at Chapel of the Highlands in Millbrae, followed by interment at Olivet Memorial Park.

GLORIA McDONALD

Gloria E. McDonald, 43, 140 Acacia Ave., San Bruno, died Tuesday at French Hospital in San Francisco.

A native of Chicago, she had resided in California for 13 years.

She is survived by her husband, Edward and two sons, Edward and Michael, all of San Bruno; four daughters, June and Colleen McDonald of San Bruno; Mrs. Kathleen Sulani of San Francisco and Mrs. Sandra Ferguson of Sacramento; two brothers, Roman Richardson of Tucson, Ariz., and the Rev. Edward Richardson of Seoul, Korea; her mother Helen Richardson of San Diego, and a granddaughter.

Funeral Mass was said today at St. Robert's Catholic Church of San Bruno, with interment at Holy Cross Cemetery in Colma.

EDWARD J. SCHWEITZER

Funeral services will be held tomorrow at 9 a.m. for Edward J. Schweitzer, 42, who died Monday of an apparent heart attack.

Schweitzer had been a resident of San Bruno for 35 years, until he moved to the Elks Hotel in San Francisco 2½ weeks ago. He was a native of San Francisco, and a member of Teamster Local 85.

His three children, Joseph, Eddie and Cathy, all live in San Bruno. His parents, Mr. and Mrs. Lawrence Schweitzer, live in Sacramento.

A Requiem Mass will be celebrated tomorrow at St. Dunstan's Church in Millbrae, followed by interment at Holy Cross Cemetery. The Rosary will be recited at 8 tonight at Chapel of the Highlands in Millbrae.

ALBERT VIDMAR

Albert Vidmar, 54, a truck driver for Bay City Materials in Colma, died at Sequoia Hospital yesterday after a short illness.

A native of San Francisco, he lived at 2152 Walnut St., San Carlos, for the past two years, moving there from Belmont, where he resided 15 years.

He served with the U.S. Navy in World War II, was a member of Teamster Local 216, South San Francisco, and the Musicians' Union No. 6, San Francisco.

He is survived by his widow, Mrs. Alice Vidmar of the family home.

Funeral services will be conducted at 11 a.m. Saturday at the White Oaks Chapel, San Carlos, followed by interment in Fresno.

VERDA HALFORD

Verda Halford, 55, 733 San Bruno Ave., Brisbane, died at home Sunday.

A native of Albion, Ill., she had lived in Brisbane for five months.

She is survived by her husband, William Myer Halford, and half-brother, Forest Knight of Redondo Beach.

Funeral services were held today from Nauman and Lincoln Mortuary in South San Francisco, followed by interment at Olivet Cemetery.

JOSEPH M. MAYERHOFFER

Joseph M. Mayerhoffer, 72, 306 Richmond Drive, Millbrae, died at Mills Memorial Hospital in San Mateo Monday.

He was an executive at Sommer and Kaufman for 55 years, former vice president and director of the San Mateo Chamber of Commerce, and past president of the Bay City Parlor, No. 104, Native Sons of the Golden West. He was a third generation San Franciscan, but lived in San Mateo County for a quarter-century.

Mayerhoffer is survived by his daughter, Roselle Adams, and two grandchildren, Lynn and Terry Adams.

Private funeral services were held Wednesday at Chapel of the Highlands, followed by interment at Home of Peace Cemetery.

Fan Relations

I thought — or had at least hoped — that I had done my last bits about out-of-pressbox activities at Candlestick Park, but recent back-to-back outings in the reserved section convinced me that some columnist somewhere should forget about alleged bad Giant trades and allege poor field management for a while and get to the perhaps more important and certainly less publicized bad side of the Giants. That being fans relations.

BEFORE I launch into my diatribe I want to make it perfectly clear — again — that I am for the Giants, have been rooting for them since the '40's, think Horace Stoneham is a fine man and a good owner and that the Giants in general are a classy organization.

Now that the testimonial is out of the way, I would like to say that I have finally put my finger on why so many people who used to frequent Seals Stadium still stay away from Candlestick, despite the fact that Cardiac Hill has been somewhat neutralized by the escalator, that the wind factor has been somewhat neutralized by stadium architectural improvements, that the scoreboard is more fun and more informative and that the Giants are once again not only a contending club, but an exciting club. For now we'll forget about the abominable location and the high prices.

THE SIMPLE FACT is that Candlestick is a cold (play on words intended), unfriendly place to visit. I have never talked to anybody who feels at home there. And it isn't just the factor of a larger stadium providing less physical intimacy — excuse the impression. It's some of the people who work there. In short, the public relations — or a lack of it.

Last year we told of purchasing what we were told were aisle seats, which turned out to be in the exact middle of an aisle, how we were told by an usherette that we couldn't change our seats even though it was a weekday with fewer than 5,000 in the stands, and how she threatened to have us physically removed by the police if we tried to move.

I THOUGHT that perhaps things had gotten better, until I tried the reserved seats again. During my two day tenure there — with a witness — I saw little kids and senior citizens routed out of the box seats in late innings when, as usual, the sun had deserted the reserves and left them very cold.

For the kids, it was just an excuse, of course, to get closer to the field and the players. A capital crime, for sure. Oh, we know the arguments. The kids annoy the people who paid \$4.50 for the boxes. And besides, it isn't fair to the people who buy the expensive seats to allow people who bought less expensive seats down there.

Our answer to that is in two parts: 1. If the kids get out of line, that's what the Burns private guard is there for. Or aren't people in this country still innocent until they're proven guilty? 2. I doubt seriously that even ten per cent of \$4.50 ticket holders would be upset if \$3.50 ticket holders were allowed to sit in the more expensive seats for the last three or four innings.

But then perhaps I have more faith in the inherent good nature of a San Francisco baseball fan than does the management, which still may not have gotten over the typical New York baseball fan.

THERE IS NO EXCUSE at all for not allowing older people the luxury of bone-warming sunshine for a few innings. Nor is there an excuse to tell old people,

as happened three or four times under the direction of at least two usherettes during the two days we spent in the reserves, to tell old people that if they want sunshine, they should climb to the upper deck reserve seats.

That is just damned insensible if not outright cruel!

Especially when, on more than one occasion, we saw usherettes smilingly let into the boxes from the upper reaches people who appeared to be either friends or relatives.

AS ONE SENIOR CITIZEN told me, "Hell, I'd be glad to buy the boxes and sit in the sun if I could afford it. I used to always buy boxes until they upped the prices on us."

And as a young college-aged man with his girl said upon being asked to remove their hind quarters back to the cold reserves, as they stared at perhaps 10,000 empty box seats, "Hey, lady, what is this, a tyranny?" We have a hunch the Giants lost two young paying customers on that one.

I hate to talk of the Good Old Days, but I can only remember with warmth how Charley Graham used to open the gates at Seals Stadium at about the seventh inning and allow kids in free to see what was left of the game. He understood that they were his future paying fans. And he didn't care, either, if adults joined the kids in the rush inside for the late innings. They might be paying the next day.

ALTHOUGH THIS MAY BE as much off the subject as talking about location again, we can't see why management, on weekday games against poor draws, when fewer than 5,000 paying customers are in the

stands anyway (as was the case on the two days of rudeness in question), can't designate \$1 seats somewhere in the stadium. Maybe a lot of people would be willing to put up with bad location and cold weather at that price.

And I'm sure the stadium would derive a profit from concessions because of the extra people in the stands. That's where the break-even point is cut, anyway, at almost all baseball stadiums. And if the profits didn't come from the concessions they eventually would be reaped from simple good will.

BEFORE I CONCLUDE I must mention the Hamburger Incident. I was hungry, and as is my usual method when I'm hungry at a stadium, I seek out the shortest line and eat whatever is at the end of it. Which has often led to embarrassing moments. But that is another story. On this particular day, the hamburger line was shortest, so I ordered a hamburger and French fries, each food stuff of which was in a separate package and would have been difficult to balance all the way back to my seat. So I asked the hamburger lady for a carton.

"Sorry," she said, "but I can't give out cartons on single sales."

"But I have two items here," I said.

"But it is a single sale," she said.

"Suppose I felt like eating six hamburgers all by myself," I said "By your definition, that would be a single sale, and I couldn't have a carton."

There was no comment.

"Suppose I told you," I tried again, "that the hamburger was for me and the fries for a friend? Then that would be a multiple sale and I could have a carton, right?"

No comment.

"OK, I'll buy a carton. How much are they?"

"Oh, I'll give you one, but it's against the rules."

I gratefully accepted the carton. "I hope this doesn't get you fired," I said facetiously. "It probably will," she answered facetiously.

TO BE FAIR, the next day I made the same purchase from the same lady — who I don't think recognized me — and not only was there no question about whether or not I was entitled to a carton, but when a gust of wind carried my friends to the right field bullpen, she gave me another order of fries on the house.

She did ask plaintively however, as I was gratefully walking away, "If you can find the carton that held the fries, I would appreciate it if you could return it, so I could get credit for 35 cents."

Now, I am sure that Horace Stoneham has nothing to do with any of the incidents described in this column. I would be willing to bet, in fact, that if he knew of them he'd be damned mad.

BUT I AM ALSO willing to bet that should any Giant official read this column, he will tell me that if I REALLY like Stoneham, I shouldn't say such things, because I can only hurt him. That is the usual plaint when one writes of poor location, wind, etc.

But that defense just doesn't wash. There is no way I — or any writer for even any of the big dailies — can hurt Stoneham any more than have George Christopher, Charlie Harney, Joe Cronin, Charlie Finley or any of the others who stuck him with Candlestick Park and the American League.

I like to think that by reporting such generally unreported stories that I am helping Horace Stoneham.

James Halley

Reminding Americans Of Democracy's Value

Recently Raul S. Manglapus, former secretary of foreign affairs of the Republic of the Philippines spoke before the Commonwealth Club of California. His address was remarkable, and the reaction of the audience was even more so. He presented an important analysis

of the present Marcos regime, its resort to martial law, and the abolition of the Philippine Congress.

He spoke of the justifications offered for takeover, and made several allusions to American conditions, including a reference to lawlessness "reminiscent of certain portions of

the United States where even walking out on the street in broad daylight is fraught with physical danger." Again, Manglapus alluded to the fad of Maoism as popular with some students in both the United States and the Philippines.

His was a plea for the political nature of a San Francisco democracy, including the interplay between right and

left within a constitutional framework, which he considered as an irreplaceable source of creativity. Manglapus lamented the substitution of Marcos' "single will for that of the people who were beginning to find themselves slowly but with stable constitutional continuity." In brief Manglapus regretted the disappearance of one of the world's democracies, the substitution of dictatorship, and public acquiescence in this kind of government.

The most chilling thing about the address arose after it was over during the course of the traditional question and answer period. Questions included the following:

Q: Why has tourism in the Philippines increased since the declaration of martial law?

Q: Reports are that the dollar reserves of the Philippines

have tripled since martial law. Why?

Q: Was corruption in government the main reason for the downfall of democracy in the Philippines?

Q: Are there any great reforms under way now in the Philippines, such as five year plans for new industry, housing, education, and health care?

Following Manglapus' eloquent talk, these seemed to be not only questions, but arguments in support of one man rule. The interrogators seemed to infer that dictatorship cured corruption, increased tourism, and promised reforms.

Did the questions carry even more serious connotations? This, after all, was an audience composed predominantly of Americans. Was there, in such

inquiries, a hint of impatience not only with democracy as practiced in the Philippines, but also elsewhere, including the United States?

It is, of course, idle to speculate as to the thoughts behind another man's words. There may have been no such overtones, or, perhaps, the questioners were not addressing western democracy, but only the Philippine experience.

Nonetheless, the mind could not help but reflect on other days, other speakers and other questioners. When, in the late thirties, a speaker attacked Mussolini, was he asked if the trains were now running on time? Were the detractors of Adolf Hitler queried as to rising German employment?

And what of modern America? Is the call for law and order becoming too shrill, too simplistic, and a menace to our free institutions? Is our yearning search for efficiency becoming a danger to a free people, free elections, and a free Republic? Are our ears becoming so extensive that they might be played upon by demagogues?

Manglapus is particularly interesting because he wrote and spoke of constitutional democracy long before being confronted with real life takeover. Some of his earlier comments are contained in a volume entitled "Faith in the Filipino" (Regal Publishing Company). In a speech delivered at the Commencement Exercises of De La Salle College, Manila, on March 15, 1959 he used these words: "You will find that in the name of patriotism there will be those who will come to you to convince you that the end justifies the means, that compromise of principles is acceptable when the end is such a glorious one as the salvation of your country." The book also reprints an article originally published in "Foreign Affairs" of July 1960, in which Manglapus wrote: "... it could be said that in the Philippines we may not have democracy at its best, but we do have democracy at its hardest. Such a judgment, while critical of the system, is a tribute to the people. The important thing is that it is democracy and that it is working."

The Commonwealth speech came at a different time and in a sadder context. It is no longer democracy in the Philippines, and free government is no longer working. Shorn of sophistry, it is dictatorship, whose apologia is its efficiency, its clean streets and its dollar surpluses.

For those who see such overwhelming importance in "timely trains" the rest of Manglapus' story should be heard and understood. Included are police state methods, illegal searches of homes, flight, and the iron confines of one man government.

Democracy is inefficient, at times corrupt, slow in reacting to problems, diffuse and confusing. It is also the best form of government for the protection of individual rights and freedoms ever devised. It seems that even Americans must be reminded of this again and again.

Samuel Chandler

The Movies

Ah, movies! Someone called them charm and wit in unhurried pleasure. Libraries can't keep enough of them on hand to satisfy the demand.

Readers want books that analyze the art of the various stars, directors and producers. For them there is a two-volume series that is fun to read. Volume one is entitled "Great Movie Stars, the Golden Years" while volume two is "Great Movie Stars, the International Years."

Here David Shipman proves the art of the various stars with catchy words. For example, "In her heyday June Allyson seemed just about the nicest thing on two legs. More than any other big star since the advent of talkies, she was the campus sweetheart — pretty, unassuming, uncomplicated, with a delicious husky voice and a twinkling smile. Men dreamt of that smile. Today, the memory of it makes strong men out of fashion. Watching an Allyson movie on TV is like drowning in sugar. She has no successors. The girls of the 70's are the heiresses of Monroe and Clara Bow rather than of Allyson and Mary Pickford."

Shipman fills his articles with interesting but hard to find bits of information. Audrey Hepburn was born in Brussels of Irish-Dutch parentage and spent the war years in the Netherlands; eleven pictures starring Charlton Heston made \$153 million, yet Heston never was voted into the top ten list of stars; Jack Lemmon and Walter Matthau were the original odd couple; Jerry Lewis' real name is Joseph Levitch; Sophia Loren is a true Cinderella, having been born illegitimately to a mother who lived in a run-down suburb of Pozzoli in Italy. At 14 she won a beauty contest, then she and her mother entered the movies as extras.

For each star Shipman writes a biography and lists each picture the star made. His books are an attempt to present biographies of stars whose box office figures and popularity polls make them important.

Surely, each volume is a noteworthy commentary upon the movies and upon the stars who make them so much a part of modern life. To add to their enjoyment each book is full of pictures and each is bound in a unique way. Of these volumes Charles Ludeman says "Take them home and refer to them during the late show or the six o'clock movie."

3 day sale.
Cover every floor in your home in sturdy acrylic or nylon, solids or prints. For only

5¹⁹ sq. yd.

Bay Use Dispute: Puzzle for Court

Can a judge bless potential uses for property which is in disputed ownership? Even if the and is in clear ownership, can a landowner seek judicial clearance for land use, bypassing regulatory agencies?

Basically, those are the questions facing Superior Court Judge Robert Carter, visiting from Stanislaus County, as raised yesterday in another chapter of the lengthy litigation concerning the ownership of some 10,000 acres of Bay-bordering tidelands between Burlingame and San Jose.

But yesterday, in Redwood City, the question of ownership was set aside while deputies from the California Attorney General's Office argued that Westbay Associates, claimant to the acreage, had no right to seek judicial determination of land use.

Following a four-hour hearing, Judge Carter took the matter under study.

Deputy Atty. Gen. John Briscoe argued that the court can decide title and boundaries to the disputed property, but cannot preordain the use of the property.

Deputy Atty. Gen. Gregory Taylor put it this way: "Westbay is here seeking to circumvent the rules of the game."

Both Taylor and Briscoe said that Westbay cannot seek judicial interference until it has exhausted all administrative remedies, meaning appearances before such regulatory agencies as the Bay Conservation and Development Commission (BCDC).

In fact, Taylor stated, "We're here with the gun at our back if

we blow this issue for those (agencies) like BCDC."

Allen Littman, attorney for Westbay Associates, contended that previous cases resolved by the courts indicated that the process of proceeding through various regulatory agencies isn't always mandatory.

He argued that "Westbay is not going to go through the

lengthy process with overseers of Bay development only to get to the State Lands Commission and have them declare the lands are under public trust and don't meet their requirements."

Briscoe responded that the State Lands Commission can't determine any requirements because ownership of the land is still in dispute.

Westbay claims ownership to the Bayside tidelands, while the state and county contend it is public ownership. That issue will be resolved in future court proceedings.

In fact, Dist. Atty. Keith C. Sorenson predicted last month it may take 10 years of litigation before the final determination of ownership is made.

Planned Parenthood Gets \$158,000 for 6 Centers

Pregnancy testing and counseling was given to 2,814 women during three quarters of the 1972-73 fiscal year by the Planned Parenthood Association of San Mateo County, a report reveals.

The information, plus other statistics, was released in conjunction with the allocation by

the County Board of Supervisors yesterday of \$158,000 to the six centers of Planned Parenthood.

The money is reimbursable to the county from the state.

From July 1, 1972, through March 31, 1973, a total of 5,252 persons received contraceptive services, the report shows. Slightly more than 3,000 of them

were persons coming back a second time.

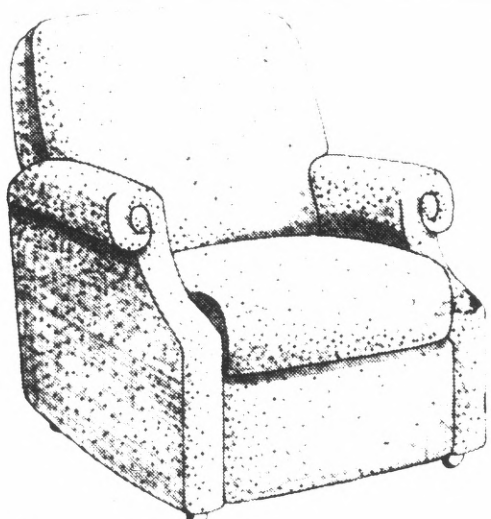

The report by Dr. George Pickett, director of the Department of Public Health and Welfare, also noted that 69 vasectomies were performed and 138 counseling sessions on sterilization services were conducted.

The contract requires that Planned Parenthood provide a full range of family planning services, including 11 family planning clinics each month and up to 20 vasectomies per month, Pickett said.

The centers are in Menlo Park, Pacifica, San Mateo, Redwood City, Daly City and Half Moon Bay.

CHP Study On Cars Disabled

Disabled cars and trucks stranded on freeways on the Peninsula will play the lead role in a pilot research study which is expected to develop into state-wide significance in reducing related accidents and inconvenience to motorists.

Beginning last week, California Highway Patrol officers assisting owners of stalled vehicles will give drivers an inquiry form to be returned by mail stating details of the breakdown. The CHP's concern, Commissioner Walter Pudin said, is "the accidents, injuries and frustrating inconvenience caused by disabled vehicles."

Purpose of the study is to develop guidelines for a program aimed at lowering the large number of defects which result in vehicle breakdowns. Information on the nature and frequency of disabling factors will be available to manufacturers and traffic safety officials.

Pudin asked that drivers "cooperate with the CHP in sending back the requested information card in the kit which will be given them by the assisting officer." Results are expected to become a benchmark for further statewide studies and to stimulate national interest.

Project financing is through a \$50,770 grant from the National Highway Traffic Safety Administration under a contract with the private firm of Traffic Safety Research Corporation, Palo Alto. The CHP is assisting the Palo Alto firm under a contract.

The study will last until December 31. Initially it will be conducted on full freeways in the general San Jose area, but may later be extended to include Redwood City area.

Charges Due For D.C. Man

A Daly City appliance repairman is scheduled to be indicted by San Francisco authorities on charges of burglary and robbery.

Stanley Heath, 27, will be indicted for holding up the housekeeper in the home of a San Francisco financier on Aug. 7, according to a directive issued last week by the San Francisco Grand Jury.

According to a report from the city's police department, Heath went to the home of Robert Lurie, son of the late Louis Lurie, to repair a washing machine. He returned the following day and this time confronted the housekeeper, Elsie Liechti, with a pistol, police said.

The suspect reportedly took \$50 from a drawer, \$50 from Miss Liechti and a diamond brooch from another drawer.

He was arrested after police traced him to the auto of his employer which he was driving from the scene of the incident.

BRIGHT LIGHTS BY LLOYD JOHNSON

Romano Combo Musical Hit At Pacifica's Nick's

While settling down to a big breakfast, lunch or dinner at Nick's restaurant, in Rockaway Beach, Pacifica, you can also feast your eyes on the commanding view of the Pacific Ocean from the dining room and lounge. A great way to relax and reflect on the beauty around you. Those staying on after dinner can enjoy the dance music of the Steve Romano Combo in the lounge-bar. Shed all those inhibitions and girate on the dance floor. Over at The Moonraker (and that's only just across the street), the view, notable cuisine, exotic beverages and Don Kelly's organ music are impressive reminders for a return visit. Ask Owner-host Nick Gust about the special party facilities. It's never too early to think about Holiday reservations. All the gals dropping by the Golden Rooster Lounge at Rodeway Inn, South San Francisco, are in for a special treat Mondays through Thursdays. Special prices on certain cocktails are offered the fair sex from 5 p.m. or "two for one" on Mondays. Continuous entertainment and dancing seven nights a week in the lounge. The Red Carpet Pizza and Hot Dog, located in San Bruno's Tanforan Park Shopping Center, has extended the expiration date on their pizza coupon offer. Valid on take-out pizza only, the coupon is now good through September 18.

SPECIAL PERFORMANCE — Graham Central Station, featuring Larry Graham, formerly with Sly and the Family Stone, will appear in concert Wednesday night, Aug. 29, at The Band Stand in Redwood City.

Shirt Tail Well Spaced For Dining Comfort

Owner Adrian Stuckey built his showplace, the Shirt Tail, with comfort in mind. The multi-level Palo Alto restaurant is a marvel of taste and relaxation. A massive wooden door admits diners into a carpeted foyer. A large fireplace is surrounded by plush, plaid chairs. Tables are well-spaced for comfort. Original oil paintings, French Baroque mirrors, beamed ceilings and rock walls blend into an appealing, visually-rich decor. Dimitrios Panopoulos, host-owner of the Le Bistro Rouge on Twenty-fifth Avenue, was a recent guest on Howard Young's KGO-TV talk-show. Dimitrios, an authority on continental specialty dishes, was a well-chosen guest. His San Mateo restaurant is where many of his culinary creations may be enjoyed during luncheon and dinner. The Le Bistro Rouge is often the dining scene for French cooking classes from the various Peninsula schools. It gives the future gourmet cooks exposure to the best in food preparation. Elwood Hansen, president of Bay View Federal Savings, along with ten of his top executives, held a gourmet dinner party in the elegant Wellington Room of Phil Lehr's Steakery honoring Phillip Dunn, retiring from Bay View after twenty years of service.

Park Avenue Tours Drive-Ups

Drive to Lake Tahoe (South Shore) and collect \$10 for your effort. You start out a "winner" even before enjoying entertainment "The Nevada Way." The Park Avenue Tours Drive-up Package makes it possible, with refunds available after you reach your Nevada destination. Park Avenue Tours also has "bonus" Greyhound Bus departures which leave daily from San Francisco. Ask about their "Overnighters." Per couple, double occupancy. Also Las Vegas and Reno Packages. You don't have to dress up to dine at Stuart Anderson's Black Angus. Although the famous San Mateo restaurant is a million-dollar structure, the decor is a relaxed, Western scene. Casual attire is favored by families having dinner, or couples relaxing in the swinging cocktail lounge, where "Warm n' Wendy" entertain for dancing on the Stainless Steel Dance Floor. Have you ever tried Jalapeno Chiles? Tios Mexican restaurant on Palm Avenue serves these little pickled Mexican peppers. If your Gringo friends aren't used to them, it's advisable to be careful. Although very tasty, they are often hotter than the hinges on the gates of Hades.

Vince's For Treats Of The Sea

You really should try the Bouillabaisse (Lazy Man's Combination) Out of the Shell served at Vince's Italian and Seafood restaurant. But allow 20 minutes extra for preparation. Another big seller here is the Assorted Shell Fish Plate with Sea Food Salad. As for Italian specialties, Chicken Liver Saute (others), is served with a choice of spaghetti, ravioli, vegetable or (among others), is served with a choice of spaghetti, ravioli, vegetable or potatoes. Sunday's special is Roast Chicken and Potatoes. Leo Martay, owner of the Whistle Stop in Belmont, has made quite a few changes in his operation and they appear to be paying off. First on the list to please countless customers is the open-all-night policy on Thursdays, Fridays and Saturdays. And you can believe their breakfasts are major enticements during early morning hours. Second on the list is the current feature of live entertainment on Thursday, Friday and Saturday nights, spotlighting The Cast — and we'd say that's "very good casting." The delayed opening of talented organist Joe Burton in the lounge of the New Southern restaurant was caused by a previous contract. It was reported by co-owner Nick Sbarra. So if you drop in any weekend from now on, you'll be entertained by a master musician who performed several years on the Las Vegas Strip.

Whiskey Hill's Butch Whacks Host To Stars

Film star Doug McClure and his lovely wife were on hand to catch the recent Sunday concert of Butch Whacks and the Glass Packs at Whiskey Hill, in Burlingame. Not only did they enjoy the music, but Doug challenged Whiskey Hill owner Pete Brallier to a game of pong — and lost. Understand the popular actor will return for a rematch soon. Entertaining Tuesdays through Saturdays is Bishop. Sunday's concert features Madness. Beginning with the first regularly scheduled home game, ex-49er R.C. Owen will be on hand every Sunday morning to greet football fans and brunch patrons at the Holiday Inn, South San Francisco. You might be interested to know that the Holiday Inn also sends several bus loads of fans to Candlestick Park for all 49er home games. The price is \$2.50 for round-trip transportation. Enjoy the magnificent Sunday Brunch prior to leaving for the game. Scrap Iron, a popular rock band with a real wallop, is packing Abbey Road in Burlingame. Tuesdays through Saturdays. Providing the dance sounds on their nights off (Sunday and Monday) is a band known as 151. Also on the Calendar of events is Joker at The Mixer on Tuesday nights. Shows start at 9 p.m. at this San Francisco club, and there's no cover or minimum. It's been many months since we itemized the travels of one of San Mateo's favorite sons, namely, Norm LaJoie, who mounts diamonds in jewelry for Ted Steiner, the Third Avenue jeweler. Norm, in the company of attractive Olga Stewart, enjoyed a tour of the Hearst San Simeon Estate, then took off for the Monterey sector where they visited The Perry House and the surrounding fun places. The day was climaxed by a visit to one of my favorite vacation sites, Bob Ramsey's Highlands Inn, located on the coast four miles south of Carmel. This beautiful vacation spa, one of the West's best, offers superb food. A chat with Host-owner Bob Ramsey brought Norm and Olga up to date on what's happening in Monterey.

Louanne Heath

Everything from parties and dances to Spanish Masses and job information comes under the aegis of the Holy Angel's Latin Club of Daly City, according to Nermer Gonzalez, current president of this relatively new, but distinctly well established group.

Formed in 1967 by Father Filemon Ojeda and a small company of Spanish speaking persons from the parish, the Latin Club has exerted considerable influence within the community and shown itself a willing and able force in the effort to assist the members of the Latin community in Daly City.

DESIGNED PRIMARILY to promote the wellbeing of those families in this area that have Spanish for a first language, the work undertaken by the officers and 36 members, has extended to assisting needy children at Christmas time and raising money for the Nicaraguan Relief Fund. Combining forces with the staff at the Guadalupe Health clinic to insure adequate medical information and services for the Spanish speaking community has also been high on the list of priorities of the club, according to Gonzalez.

Gonzalez, who has dreams of establishing a scholarship fund for families with elementary school age children who lack the money to provide a parochial school education for their offspring, is ably assisted in his efforts by Juan Ruiz, vice president; Isidro Zamudio, secretary; Jose Jimenez, treasurer; Solomon Hernandez, fiscal deputy, and trustees Mel Tafuya, Mrs. Lydia Mann, Raul Medina, Mrs. Martha Ruiz, Mrs. Sophia Jimenez, and Mrs. Margo Alfano. The Rev. Father Cornelius O'Reilly is the club chaplain and Sister Dolores of Mary's Help Hospital is the spiritual adviser.

CHAIRMEN of the standing committees include the past president, Israel Alfano of the Liturgy committee; officers Ruiz, Jimenez, Hernandez, Medina, Tafuya and Gordon Mann, form the ushers corp.; Mr. and Mrs. Jimenez are the representatives to the Guadalupe Health center; Mr. and Mrs. Gonzalez are the representatives to the C.C.L.A. and Mrs. Gonzalez is chairman of publicity and special events. Trustee Tafuya is in charge of Job Consultations.

Membership in the club is arranged by recommendation from an active member. Candidates for membership must show a desire to be an active participant in club projects and help promote attendance at the Spanish Mass. Persons indicating a willingness to share in the work of the group become members upon payment of their annual dues assessment.

THE MEMBERS OF the club assemble each Sunday, following the 10 a.m. mass, for a fellowship hour. A formal business meeting is held on the first Sunday of each month. Plans are developed for the annual needy children's Christmas party, the club New Year's Eve dance, a Valentines Dance and the annual spring benefit dance for the parish school during the business meetings.

Also a major concern of the members is the improvement of community and police relations and the club officers have been working with the Daly City Police department, through Lt. Phil La Bruzzo, on ways and means of humanizing the image of the department for the youth in the Spanish community.

CONCERNED members of the Latin community are asked to learn more about the work now being done by the group, to offer to take an active role in the programs underway and to make suggestions concerning development of new methods and means of improving the life style for all members of minority groups on Peninsula's northern end.

Syntex Has Profit Hike

Syntex Corp. of Palo Alto reported net earnings for the quarter of fiscal 1973 were \$8,193,000, or 80 cents per share, fourth quarter of its fiscal year on net sales of \$45,715,000, compared to last year's fourth quarter net earnings of \$6,919,000, or 68 cents per share. Net earnings for the fourth quarter on net sales of \$34,704,000.

LEGAL NOTICES
LEGAL NOTICES
NOTICE TO CONTRACTORS
(Advertisement for Bids)
1. NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Mateo, State of California, will receive sealed bids for the furnishing of all labor, tools, materials, equipment, transportation and services required for Mezzanine and Exterior Lighting at Existing Maintenance Storage Building at the San Mateo County Fairgrounds, 25th Avenue at S. Delaware Street, San Mateo, California, for the County of San Mateo.
2. Each bid shall be in accordance with drawings, specifications and contract documents prepared therefor now on file with the Purchasing Agent, County of San Mateo, Office Building Annex, Redwood City, California.
3. Drawings, Specifications and contract documents may be examined and copies obtained at the Office of the Director of Building Construction and General Services, 590 Hamilton Street, County Office Building, Redwood City, California, upon deposit of \$10.00 for said documents, which deposit will be refunded if the Contractor fails to return the drawings and specifications in good condition within ten (10) days of the bid opening date.
4. A complete set of drawings, specifications and contract documents may be examined at the Office of the San Mateo County Director of Building Construction, County Government Center, County Office Building, Redwood City, California.
5. Bidders are responsible to see that they obtain a complete set of plans, specifications and contract documents covering the work upon which they submit a bid.
6. Bids shall be submitted upon proposal forms furnished and bound in the specifications and in accordance with regulations, as set forth in the General Conditions, and shall be accompanied by a certified or cashier's check or bid bond for ten per cent (10%) of the bid as noted in said General Conditions.
7. Bids shall be sealed and filed with the Clerk of the Board of Supervisors of the County of San Mateo at the Hall of Justice and Records, Redwood City, California, on or before the 11th day of SEPTEMBER, 1973, at 2:00 p.m. and will be opened in public in the Chambers of said Board of Supervisors at or about 2:00 p.m. of that day in said Hall of Justice and Records.
8. The Board of Supervisors of the County of San Mateo, State of California, reserves the right to reject any and all bids, alternate bids, or unit prices and or waive any irregularities in any bid received.
9. No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.
10. WAGE RATES: The Board of Supervisors has determined and has published the rates of prevailing wages in the County of San Mateo, in which the work is to be performed, for each craft or type of workman or mechanic needed to perform the contract. Said prevailing rates are set forth on listing, copies of which are set forth in the specifications for the work in the offices of the County Clerk, Purchasing Agent and Director of Building Construction. Crafts and rates per hour for each craft or type of workman or mechanic needed to perform this contract are listed under Wage Rates. Instructions to Bidders.
11. The prevailing rates so determined are based on a 8-hour day, 40-hour week, except as otherwise noted. Existing agreements between the Building Trades and the Construction Industry groups relative to overtime, holidays and other special provisions shall be recognized.
12. It shall be mandatory upon the Contractor, and upon any subcontractors under him, to pay not less than the said specific rates to all laborers, workmen or mechanics employed by them in the execution of this contract.
13. A bond will be required for the faithful performance of the contract in amount of not less than One Hundred Per Cent (100%) of the amount of the bid, and a bond will be required to guarantee the payment of wages for services engaged in all bids contracted for materials used in the performance of the contract in an amount of not less than One Hundred Per Cent (100%) of the bid.
